

# Orang Tua Group Go Beyond with Google Workspace

EIKON assists OT Teams in implementing and migrating to Google Workspace. With EIKON's expertise change management, EIKON provides training and workshop to give awareness and develop expertise to become agent of change.

## The challenge

Using on-premise infrastructure for emails and collaboration are challenging. Managing servers, storage, network, most importantly security become nightmare for IT Team. Not to mention the challenges experienced by the users; limited access, mobility, limited features and functions until they use personal mail and tools to perform their work. These have become big concerns of the company.

## The solution

Google Workspace provides communication and collaboration tools in the cloud. It brings values by providing larger storage, Google Drive for file sharing and collaboration, and mobility. Scheduling meetings is easy with Google Calendar including online meetings anywhere using web browser. While Google maintains high security level, Google Workspace provides flexibility and user friendly to users.

## The results

Google Workspace provides a secure platform, user friendly interface and innovative features. Communication and coordination between employees brings natural experience as users are familiar with the tools in daily lives. Users are provided with ease of access and mobility at maximum security. Users and IT become more productive at work and more innovative to support the company's business growth.

“ Moving to Google Workspace was the right decision we have made in 2019. It increases employee productivity, mobility and collaborations, especially during the pandemic. Never be afraid of change. Change = Growth. Go Beyond. ”

Candra Setianto, CTO, Orang Tua Group

## About Orang Tua Group

Orang Tua (OT) is a consumer goods company that produces a wide range of products for daily needs. Starting from traditional health drinks, with high-quality standardized ingredients and processes, OT has grown more and more modern, until OT products are also present in the international market and can be enjoyed by foreign consumers.

Industry: Consumer Packaged Goods
